II.1.4) Short description of the contract

The contracting authorities are partners in the HawkaMaa-EU Consortium implementing the project entitled “WASH assistance to support water governance and public water and wastewater services in Lebanon for host and refugee communities in Lebanon” funded by the European Union (EUTF/MADAD/2020/T04.272), within which they implement the Establishment-Led Service Improvement and Cost Recovery (ELSICR) Modality directly with all Water Establishments.

Within this framework, HawkaMaa-EU must procure equipment, supplies, and works on behalf of the Water Establishments supported by the project through various arrangements including, but not limited to, discrete supply and service contracts as well as long term framework contracts. The contracting authorities are therefore seeking through this joint procurement processes to select Providers (Contractors and Suppliers) for the implementation of the activities.

The current contract is for the procurement of Equipment, as described in the technical specifications of the tender dossier, distributed over four main lots. Each lot which will serve a separate WE and will be managed by one of the following project partners: WW-GVC, ACTED, ACF and SI.

Refer to attached BOQs and other sections of the bidding documents for estimations of volumes of purchase.
