Open call for Proposals "Rebooting the Food System"

Financial support to third parties for grassroots and youth-led CSOs in Portugal, Spain, Poland, Estonia, Slovakia, Czech Republic

Annex 1 – Template Technical Proposal

General instructions:

- Do not exceed the number of characters, when provided
- Pages are to be considered A4 size, Arial 11 character, single line spacing.
- Information must be provided in the order required. Altering the questions and incomplete parts may lead to deselection of the application.

Section A: General Information

A1. Project Summary

Title of the project	
Country/area/region of implementation	
Duration of the project	
Starting date of the project	
Ending date of the project	

A2. Applicant Organization

Name of the Applicant organisation	
Full address	
Legal status	
Registration number, date and address	
Website links	
Social Media links	
Name and Surname of the Legal Representative	

This document was produced with the financial support of the European Union. Its contents are the sole responsibility of Rebooting the Food System project and do not necessarily reflect the views of the European Union

A3. Applicant Contact Person[1]

Name and Surname	
Role in the Organization	
E-mail address	
Phone number	

Section B: Profile of the Applicant

Please consider the Merit Evaluation criteria described in the Call of Proposal at Section 7 – *Merit Evaluation*.

B1. Short Description: describe the Applicant organization's key features, including mission, visions, areas of intervention and main target groups.	*(Max 2000 characters including spaces)*
B2. Applicant's technical capacity: outline the previous experience of the Applicant with similar projects and/or with grants with a similar budget size. Describe the Applicant's previous experiences in EU project and financial management, and reporting, with a focus on the last 2 years.	*(Max 1000 characters including spaces)*

[1] Please indicate the same contact person's data provided in the Microsoft Form, to whom all documentation to participate in the call has been sent.

This document was produced with the financial support of the European Union. Its contents are the sole responsibility of Rebooting the Food System project and do not necessarily reflect the views of the European Union

B3. Applicant's knowledge of the call's topics: explain what kind of knowledge the Applicant has of topics such as agroecology, climate change, sustainable consumption, gender issues, human rights, participation process.	*(Max 1000 characters including spaces)*
B4. Applicant's knowledge of the call's primary target groups: outline the Applicant's capacity and experience to reach, mobilize and work with youth (TG2s) and/or the Applicant's capacity and experience in working with institutions providing food (TG5)	*(Max 1000 characters including spaces)*

Section C: Project Description

Please consider the Merit Evaluation criteria described in the Call of Proposal at Section 7 – *Merit Evaluation*.

C1. Abstract

Please give a short description of the project
(Max 500 characters including spaces)

This document was produced with the financial support of the European Union. Its contents are the sole responsibility of Rebooting the Food System project and do not necessarily reflect the views of the European Union

C2. Relevance to the Call's objectives and priorities

Please indicate how the project is going to contribute to the objectives of the Call. Please consider transversally the Call's priorities too.	
to empower youth (15-30 years old, ideally also the less engaged ones) to actively **mobilize, campaign and advocate** for agroecology and for fair and sustainable food systems. And to, directly or indirectly, **engage institutions providing food** in promoting sustainable food system, also involving other target groups (to see all the Eligible target groups, see the Call of Proposal at Section 4 - *Eligible target groups and activities*)	*(Max 500 characters including spaces)*
to **provide and share capacities and experiences for the Reboot project**, in terms of: thematic expertise; capacity of involvement of determined target groups; innovative methodology for global citizens education, campaigning and advocacy initiatives; exchange of practices and challenges in the EU Countries external to the consortium.	*(Max 500 characters including spaces)*

C3. Logic of intervention: list of results and activities

Please list all results and activities, putting a number for each activity and result, and specifying the period of implementation. Please be synthetic in the description of each activity and result, because they will be detailed in Section C, using the same numbering of activities and results. In this Section the general logic of intervention should be described, explaining how results and activities are interconnected and linked to the expenses and indicating the monitoring plan and tools used.
(Max 2000 characters including spaces)

C3. Target Group

This document was produced with the financial support of the European Union. Its contents are the sole responsibility of Rebooting the Food System project and do not necessarily reflect the views of the European Union

C4.1. Primary target groups: please indicate the type of groups reached and estimated number.[2] Explain how you want to address them.	**TG2**
	(Max 500 characters including spaces)
	TG5
	(Max 500 characters including spaces)
C4.2 Secondary target groups (optional): please indicate the type of groups reached and estimated number.[3] Explain how you want to address them.	*(Max 500 characters including spaces)*

C5. Methodology and innovation

Please outline the approach and methodology underpinning the activities of the project. Explain why they are the most suitable for achieving the project's objectives.
(Max 1500 characters including spaces)

[2] According to the Call of Proposal (Section 4 – Eligible target Groups and Activities), **primary target groups** are:
- TG2: EU Youth (15-30 years) actively involved to implement the project
- TG5: institutions providing food (eg. Canteens and cafes of educational institutions such as schools and universities; municipalities and local authorities, national institutions, supermarkets, enterprises, CSOs)

[3] According to the Call of Proposal (Section 4 – Eligible target Groups and Activities), **secondary target groups** are:
- TG1: EU youths (15-30 years), reached by campaign, educational, advocacy activities
- TG3: Civil Societies Organisations
- TG4: young farmers and producers
- TG6: national and international political decision-makers

This document was produced with the financial support of the European Union. Its contents are the sole responsibility of Rebooting the Food System project and do not necessarily reflect the views of the European Union

C6. Sustainability and replicability

Please explain how the impacts achieved by your project will continue after completion of the project and how the sustainability of the project could be ensured beyond the funding period.
(Max 1000 characters including spaces)

Section D: Activities description

Taking as a reference the logic of intervention and the list of activities in the table C3, please create as many tables as there are activities. Please use the same numbering of activities and results as in the table C.

In each Activity Table fill out all the information, describing it in detail and listing the target group and outputs of the activity. Using the following template for activity description is mandatory. To see the eligible activities and targets, see the Call of Proposal at Section 4 - *Eligible target groups and activities*).

(Max. 1000 characters including spaces for each activity)

Activity 1

Activity's result	
Name of the activity	
Number of planned implementations of this specific activity	
Implementation period	
Location	
Type and number of target group reached /involved with this activity	
Output	
Detailed description of the the activity	

Date:

Name of legal representative of the Applicant:

Signature:
